## Ramen with the heart

Dear Ajisan lovers

"Ajisan" referring to the continuous improvement of taste, originates from the Japanese language. 「AJISAN = 味鑽」

Today, we are able to share smiles with our customers thanks to the people who support the spirit of Ajisan. Not only as a ramen restaurant, but more as a "HOME OF JAPAN", we would like to continue to be a place where people can share their "thoughts and feelings" and be given even more happiness and health. In order for people to have health and happiness in the process of "personal growth", we provide safe healthy Mukacho ramen made with the heart.

To those who think "I want to support Ajisan!", we would be very grateful if you could help us share the love on social media.

Arigatou!

## Let's learn Japanese!

The Ajisan team welcome our guests by saying 「Irrashimase (いらっしゃいませ)」 upon arrival. When you eat our ramen say 「Itadakimasu (いただきます)」. Delicious is 「Oishii (おいしい)」. Want more ramen? Ask for a 「Kaedama (かえだま)」.

After you finished 「Gochisousama Deshita (ごちそうさまでした)」. We thank you by saying 「Arigatou (ありがとう)」. If you like us, tell us by saying 「Daisuki (大好き)」. We are very happy to hear this word!

We would like to see you soon, so we say 「Mata Ne (またね)」 with a BIG smile!!!

Share the love with your family & friends with AJISAN's giftcard!
